

ETERNITY DIAMONDS

Measure Size of Existing Ring

1. Use a ring that comfortably fits on desired finger.
2. Place the ring over the circles in order to match the inside edges of the ring with the circle nearest in size. If the ring sits best between 2 sizes, order the larger size.
3. Before printing, set the page scalig either to "none" or "100%" depending on the type of device you're using.
4. Once printed, measure the bar on the right hand side with a ruler ensuring that it is exactly 30mm long.
